ACT for SUDAN

President Obama
The White House
1600 Pennsylvania Ave, NW
Washington, D.C. 20005

April 2014

Dear President Obama:

We urge you to adopt and immediately implement a new pro-democracy and civilian protection-oriented policy on Sudan that holistically addresses the root cause of Sudan's multiple conflicts: the repressive and genocidal Sudan regime.

We implore you to do more to provide strong leadership to end the government-sponsored violence and protect civilians in Sudan, ensure unhindered humanitarian access for those in need, and bring the perpetrators of genocide and mass atrocities to justice at the International Criminal Court (ICC).

Mr. President, please uphold your commitment to end genocide and mass atrocities and help pave the way for a future Sudan that is democratic, inclusive, secular, and at peace with itself and its neighbors.
